

“OUR WORLD FAMILY” PROJECT INSTRUCTIONS FOR CREATING VIDEOS

Thank you for participating in the video project “Our World Family”. The project is supported by the Council on Spiritual Culture of the Eurasian Peoples’ Assembly. We hope that these videos will help us, despite our cultural differences, recognize each other as brothers and sisters. Thus, they will contribute to the development of peace and love all over the world.

Instructions and suggestions for creating videos:

1. **Content:** spiritual, humanistic, or inspirational.
2. **Duration:** no more than 5 minutes.
3. **People:** It is better to include close-up of faces. People have got to be in all videos.
4. **Sound:** Videos should be clear without words, to avoid any language problems. If the people in the video are talking to each other, it should be clear without knowing the language what they are talking about. People are not supposed to talk to the camera.
5. **Music:** If you add an audio track, you must have copyright or permission to use it. The sound level must be constant so that the audience does not have to change the volume (except intentional increase or decrease of volume).
6. **Definition:** The definition must be high for clear images. Videos can be shot on your phone by using software for creating videos.
7. **Aesthetics:** We can help you improve the image and sound of your video.
8. **Beginning of videos:** Please, at the beginning of the video show its name, an interesting photo or video clip that will attract people’s attention. We can do this for you.
9. **Information at the end of the video:** specify who made the video, where it came from, who wrote the music, the name and address of your organization, if possible. If you give us the information, we can add it to the video.
10. **Description for YouTube:** Please, give a brief description of your video to be published on YouTube.
11. **Publishing on YouTube:** Your video must not been published on YouTube earlier, since publishing the same videos on different YouTube channels is not allowed.
12. **Download** your video to any website for storage and transmission of large files on the Internet, for example, dropbox.com, Google Drive or Amazon Drive and send us a video download link to spiritual.eurasia@gmail.com.

Please, include a description of the film in your email. Your video will be viewed by the working group and, in case it is approved, it will be published on the YouTube channel “Our world family”.

Thank you very much for your participation in this project. You can send as many videos as you want and invite other people to participate in the project. It will be very interesting to see the faces of our brothers and sisters from different parts of the world!

Please subscribe to our Family channel on YouTube and share it with others.
